Dear Dr. Zhou:

On behalf of the Organizing Committee, I am pleased to invite you to attend 37th Annual Meeting of the American Society for Virology (ASV). The conference opens on Saturday, July 14, 2018 and continues through Wednesday afternoon, July 18, 2018. The satellite symposium will be held on July 13. You are invited to give a talk in the symposium. All sessions will be held on the campus of the University of Maryland, in College Park, Maryland USA. Please note that the American Society for Virology and the University of Maryland assume no responsibility for your travel expenses and related costs to attend this meeting and present your research.

Dear Dr. Yang:

On behalf of the Organizing Committee, I am pleased to invite you to attend 37th Annual Meeting of the American Society for Virology (ASV). The conference opens on Saturday, July 14, 2018 and continues through Wednesday afternoon, July 18, 2018. The satellite symposium will be held on July 13. You are invited to give a talk in the workshop. All sessions will be held on the campus of the University of Maryland, in College Park, Maryland USA. Please note that the American Society for Virology and the University of Maryland assume no responsibility for your travel expenses and related costs to attend this meeting and present your research.

The American Society for Virology was founded in 1981 to provide a forum for investigators of human, animal, insect, plant, fungal, and bacterial viruses, whether the research involves clinical, ecological, biological, or biochemical approaches. The stated aim of the Society is to promote the exchange of information and stimulate discussion and collaboration among scientists active in all aspects of virology. These goals are achieved primarily by means of meetings organized or sponsored by the Society.

Over 1,600 plenary presentations, featured symposia, poster sessions, and c
